REPORT OF ACTIVITIES DONE ON WORLD ENVIRONMENT DAY (5th June)

World environment day celebration on the theme *Ecosystem Restoration* organized by Department of Computer Science on 5/6/2021 is to spread the awareness in students, employees and society about the importance of conservation of environment and the crucial role environment plays in our lives.

Various activities are organized by department in this regard including

- planting saplings for ensuring future green environment
- creative work conveying the message of environmental significance and its protection
  - videos
  - posters
  - stories
  - poems
  - write-ups

All students, faculty members and staff of department of computer science actively participated in this and we ensured the participation of society as well. The process of planting saplings and creative works definitely convey the message of ecosystem conservation and serves as a motivation to ensure a green environment for future.

Manjula KA, **Head of the Department, Department of Computer Science.**
